**GABRIELA FERNÁNDEZ**

In a desert forest, inhospitable and dark, a small group of particular creatures dedicate themselves to collect in a ceremonial way the few remaining fruits. The creatures gather at the foot of what appears to be an altar made of dry logs and branches, similar to a cave. From the darkness of it, a being of much larger size and of a different aspect to the creatures that offer it awakens. What is this ritual about?

TAMARA AJZENSZTAT

Olivia is a pianist and uses the heartbeats of her lovers to compose the themes of her album. Her story tells us about that moment prior to artistic creation, that time when we look for in others what, in reality, is in ourselves.
